CUSTOMERS OF WAUPUN PUBLIC UTILITIES

Waupun Public Utilities has filed an application with the Public Service Commission of Wisconsin (PSC) to adjust electric rates. The adjustment is requested in order to cover inflationary costs associated with utility operations since the last electric rate case in September 2016. The requested adjustment will support the necessary costs associated with maintaining the reliability of the electric distribution system.

The utility is requesting an overall increase of 3.73 %, or \$435,379. The final impact of the rate increase upon individual customers will not be known until the PSC issues an order; however, under the proposed rate structure, based on an average usage of 699 kilowatt-hours (kWh), the typical residential customer's monthly bill would increase from \$88.54 per month to \$92.78 per month, an increase of \$4.24 or 4.8%.

The PSC will conduct a virtual hearing for this docket. A notice of the hearing, along with instructions to participate in the hearing, will be published after a date has been set. For more information, please contact the PSC at (608) 266-5481 and refer to the Waupun Public Utilities electric rate application under Docket 6290-ER-109.

Waupun Utilities is pleased to announce a new limited time incentive to help you get those efficiency improvement projects done this year!

2023 ENHANCED INCENTIVE OFFER

- 100% match of Focus On Energy incentives, up to \$500, for electric efficiency improvement measures; for example LED lighting and HVAC
- Combined incentives cannot exceed 60% of the project cost
- Available incentives are first come, first served while funding lasts
- Limited to \$500 per customer
- Available for projects started now through 12/31/2023, while funding lasts
- Can be combined with Shared Savings loans

You can find more incentive information at www.focusonenergy.com/waupun

Please visit our website at www.waupunutilities.com for other valuable information.

Please contact me with any questions. Let me know in advance if you are interested in moving ahead with a project so I can reserve an incentive.
